Education

University of Arkansas at Little Rock, Little Rock, Arkansas 2025–Present
Master of Science in Information Science Expected Graduation: Spring 2027
GPA: 3.66/4.00

Thesis: A Position-Based Citation-Credit Model for Multi-Authored Publications (Advisor: Daniel Berleant, Ph.D.)
It develops a position-sensitive model for allocating citation credit among co-authors of multi-authored papers and evaluates how different attribution choices affect researcher-level bibliometric assessment.

University of Dhaka, Dhaka, Bangladesh 2018–2023
Bachelor of Arts in Information Science and Library Management
CGPA: 3.37/4.00

Northern Virginia Community College, Virginia, USA 2021–2022
Associate's in business management and leadership development
GPA: 3.42/4.00

Research Interests

Scholarly communication: Scientometrics, Science of Science, Citation Analysis, and Research Integrity

Computational methods: NLP, Text Mining, and Entity Disambiguation for Biomedical Literature

Information organization: Metadata, Digital Curation, and Research Data Infrastructure

Publications

Journal Articles

M. M. Billa**,** "The Invisible Infrastructure of Biomedical Research: An Exploratory Analysis of Software Mentions and Sentence-Level Citation Marking," Under Review in *Scientometrics*, 2026. (Sole author).

Conference Papers

M. Hasan, A. Khan, H. Rashid, **M. M. Billa**, S. Islam, and M. Milanova, "Livelock in the Agent Harness: Delegation-Induced Liveness Failure in LLM Systems," in *Proc. IEEE Int. Conf. on Trust, Privacy and Security in Intelligent Systems and Applications (TPS)*, 2026. (Accepted, Application Track; to appear; 16 papers accepted from 146 total submissions).

Experience

Graduate Assistant, JMC, UALR 2025-Present

- Support faculty course development through LMS (Blackboard).
- Assist faculty research through literature management, data preparation and document review.
- Coordinate academic program communications, event logistics, and administrative documentation.

Academic Library Intern, Dhaka University Library, Bangladesh 2023

- Assisted with cataloging, classification, technical processing, and user services.

Data Journalist, Bangladesh Post, Dhaka, Bangladesh 2023–2024

- Authored more than 200 data-informed and analytical articles.
- Synthesized quantitative data and interviews to produce evidence-based public-interest reporting.

Data Science Intern, Somikoron AI, Dhaka, Bangladesh 2022–2023

- Contributed to the development of an NLP-based recommendation system using ML techniques.
- Performed text preprocessing, data analysis and model experimentation.

Skills

Programming and Analysis: Python, R, SQL, SPSS, Stata

Text Mining: Python-based NLP methods, text preprocessing, entity disambiguation

Bibliometrics: VOSviewer, CiteSpace, Bibliometrix (R), Gephi

Information Organization: Dublin Core, MODS, cataloging and classification standards

Research Data Management: Data management planning, FAIR principles, institutional repositories

Honors, Awards, and Fellowships

Bailey Scholars Scholarship, University of Arkansas at Little Rock 2026

Community College Initiative (CCI) Fellowship, U.S. Department of State 2021–2022

Dean's Honor List, Northern Virginia Community College Spring 2022

Merit Scholarship, Bangladesh Madrasah Education Board — Top 5%, 2017

Service and Leadership

President, Bangladesh Youth Initiative, University of Dhaka Unit 2020–2021

Coordinator, Surjasen Bitarka Dhara (Debating Club), University of Dhaka 2020

Volunteer Tutor (Book Buddy), Alexandria City Public Schools, Virginia 2021–2022
